7. Government Order No. PWD 88 ORG 58, dated 29th April 1959, directing the reconstitution of Public Works Department Circles in the State as indicated therein pending a final decision on the proposals for the reorganisation of the Divisions and Sub-Divisions.
8. Correspondence ending with letter No. 4531/S/Est. 58-9, dated 18th February 1959, from the Chief Engineer (General) submitting proposals for the reorganisation of the Divisions and Sub-Divisions in the Public Works Department.

**ORDER NO. PWD 63 SCO 59, DATED BANGALORE, THE 22ND JULY 1959**  
(ASHADHA 31, SAKA ERA 1881).

In Government Order dated 29th April 1959 read above reconstituting the several Circles in the State, the question of reorganisation at Divisional and Sub-Divisional levels was reserved for further consideration and orders in the light of the recommendations of the Public Works Department Reorganisation Committee. The Committee has examined this question at length and has made the following main recommendations with a view to the more effective and prompt execution of Plan and other works and improvement of all round efficiency of the Department:—

- (1) The division of work should be on a functional basis only at the Chief Engineers' level and on a territorial basis at the level of the Superintending Engineers, the Executive Engineers and Assistant Engineers;
- (2) There is no need for a separate set up outside the Public Works Department for the execution of Public Health Engineering Works;
- (3) Consistent with the extra work-load separate Sub-Divisions and Divisions may be created for special works or items of work and attached to the respective Divisions and Circles having territorial jurisdiction;
- (4) Civil Works of all Departments of Government should be executed only in the Public Works Department. There should be no separate organisation in other Departments of Government outside the Public Works' Department for the execution of such works;
- (5) The work-load for a regular Division should be normally Rs. 30 to Rs. 35 lakhs per year and that for a Sub-Division Rs. 5 to Rs. 7 lakhs per year and as far as possible there should be a Public Works Sub-Division for each taluk except in cases where it is possible to combine two or more taluks into a Sub-Division.
- (6) The existing Circles, Divisions and Sub-Divisions should be reconstituted having regard to geographical jurisdiction, administrative convenience, economy in expenditure, backwardness of the tract, special works of improvement and development proposed in individual areas and the existing administrative set up in those areas.

2. Government have carefully considered the above recommendations of the Committee and are pleased to accept them.

3. The proposals of the Committee for reorganisation of the Divisions and Sub-Divisions in accordance with the above principles have been finalised in the light of discussions at the meetings of the Officers concerned, and the Divisions and Sub-Divisions as reconstituted under each of the six Public Works Department Circles, viz., Bangalore, Mysore, Shimoga, Belgaum, Raichur and Special-West Coast Circles and finally approved by Government on the basis generally of the work-loads and of the other criteria referred to above are appended (Annexure I).

4. The salient features of the reorganisation are given below:—

**Abolition of Divisions and Sub-Divisions**

- (1) The three Sanitary Divisions with headquarters at Bangalore, Mysore and Davangere and the ten Sub-Divisions working under them and having jurisdiction over each of the ten Districts of the Old Mysore State will be abolished and the works that are at present attended to by these Divisions and Sub-Divisions will be attached to the respective regular Divisions and Circles in their territorial jurisdiction.

(2) The Sugarcane Cess Fund Division, Mandya and its three Sub-Divisions will be abolished and the work of the two Divisions now located at Mandya and of K.R.S. Division will be reallocated as indicated in the subsequent paragraphs and in the annexure and their work distributed among the regular Divisions and Sub-Divisions.

(3) The Malayalli Division, Mandya, with its three Sub-Divisions will be abolished.

(4) The Industries Division, Bangalore and the Sericultural Division, Bangalore, will be abolished along with the Sub-Divisions attached to them and located at Bangalore, and a Special Buildings Division at Bangalore is created with four Sub-Divisions to attend to the Building and other Civil Works of other departments in the Bangalore Corporation area. The remaining Sub-Divisions located in mofussil places are continued as at present on a temporary basis but attached to the regular Divisions where their continuance is found necessary or where they are considered unnecessary are abolished and their work attached to the respective regular Sub-Divisions, as indicated in the annexure.

(5) The Coorg Minor Irrigation Division and its four Sub-Divisions and the Lakshmanathirtha Division will be abolished and one Sub-Division for Lakshmanathirtha Project will be continued on a temporary basis.

(6) The Irrigation Division, Dharwar and its six Sub-Divisions will be abolished and their work allocated among the newly constituted Divisions and Sub-Divisions.

(7) The Water Supply and Well Sinking Division, Gulbarga and its two Sub-Divisions and the Local Engineering Division, Gulbarga and its seven Sub-Divisions will be abolished and the works that are attended to by them attached to the regular Divisions and Sub-Divisions in Raichur Circle.

(8) The Public Works Department Division, Mangalore, and 4 Sub-Divisions and the Public Health Engineering Division, Mangalore and two Sub-Divisions will be abolished and one Sub-Division, viz., Mangalore Water Supply Sub-Division, Mangalore, will be continued under the control of the newly constituted South Kanara Division, Mangalore on a temporary basis.

#### Creation of new Divisions and Sub-Divisions

5. The following new Divisions and Sub-Divisions will be created:

(1) A Special Buildings Division (Temporary) with headquarters at Bangalore with four Sub-Divisions to attend to works in Bangalore that are at present attended to by the Industries and Sericultural Divisions and some of the works attended to at present by the Buildings Division, Bangalore.

(2) One Division with headquarters at Chikballapur with four Sub-Divisions having jurisdiction over Chikballapur, Sidlaghatta, Bagepalli, Gudibanda, Gauribidnur and Chintamani Taluks of Kolar District. The remaining Taluks of Kolar District will be attached to the Kolar Division.

(3) One Division called Gokak Division with headquarters temporarily at Ghataprabha with five Sub-Divisions having jurisdiction over Chikkodi, Hukeri, Athni, Raibag, Gokak and Ramdurg Taluks. The remaining taluks of Belgaum District will constitute the Belgaum Division.

(4) One Division with headquarters at Bagalkot with three Sub-Divisions having jurisdiction over Bagalkot, Badami and Hungund Taluks and Water Supply Sub-Division at Bagalkot. The remaining taluks of Bijapur District will constitute the Bijapur Division.

(5) One Division with headquarters at Haveri with four Sub-Divisions having jurisdiction over Haveri, Shiggaon, Hanagal, Rahebenhur, Byadagi and Hitekerur Taluks. The remaining taluks of Dharwar District will constitute the Dharwar Division.

(6) A number of new Sub-Divisions are created in the existing Divisions of Gulbarga, Raichur, Bidar, Bellary, Hassan and South Kanara in view of the work loads.

(7) One Division with headquarters at Mandya with four Sub-Divisions to attend exclusively to Visvesvaraya Canal Works and service roads and tanks in

the Visvesvaraya Canal area. The whole of Mandya District will constitute a Division called Mandya Division with seven Sub-Divisions and will attend to all works in the District except those coming under the jurisdiction of the newly created V. C. Division.

#### Staff requirements of Divisions and Sub-Divisions.

6. The Public Works Department Reorganisation Committee has recommended that the Executive Engineers of Divisions be given the assistance of an Assistant Engineer at Headquarters to deal with projects and to assist him in routine office work. It has also recommended certain extra staff for the Division Office, including a Junior Engineer, a Head Clerk, a Stenographer and a Second Division Typist. There is at present no Head Clerk in the Division Offices to supervise the administrative, current and Record Branches of the Division Office. The Chief Engineer (General) has recommended that the existing strength of the Division Offices be augmented by the addition of a Head Clerk. Government have carefully examined the recommendations of the Committee and of the Chief Engineer (General) and are pleased to sanction for the time being the undermentioned additional staff for each of the Division Offices. The Division Offices for which an Assistant Engineer has been sanctioned are indicated in Annexure II. Government further direct that pending the fixation of a scale of staff for Division Offices in the State generally, the existing staff be continued with the addition of the aforesaid staff, on a permanent or temporary basis as the case may be depending on whether the Division is permanent or temporary.

One personal Assistant of the rank of Assistant Engineer to the Executive Engineer of every Division, the work load of which exceeds Rs. 40.00 lakhs.  
 One Junior Engineer in Grade Rs. 150-10-300.  
 One Head Clerk in Grade Rs. 150-10-250.  
 One Stenographer in Grade Rs. 75-5-100-8-140-10-250.  
 One Typist in Grade Rs. 55-3-70-4-110-5-150.

7. In view of the financial powers delegated to the Assistant Engineers in charge of Sub-Divisions, in respect of administrative and technical sanctions to estimates and purchase of stores it is considered that there should be a senior experienced clerk qualified in accounts in the Sub-Division and that the Assistant Engineers should also be given the assistance of an Assistant Draftsman. Government accordingly sanction additional posts of one First Division Clerk and one Assistant Draftsman to each of the Sub-Division Offices, one post of existing Second Division Clerk in each of the Sub-Division Offices being retrenched.

8. The staff (Gazetted and non-Gazetted) of the several Divisions and the Sub-Divisions and the staff sanctioned for the reorganised Divisions and their Sub-Divisions are indicated in Annexure III.

9. The reorganisation of the regular (non-project) Divisions and Sub-Divisions as above will result in a net savings of Rs. 72,732 per annum as shown in the proposition statement appended (Annexure IV).

10. Government desire that the new set up should be brought into being and should be in full and regular working order from the 1st August 1959. In the meantime the Chief Engineers and Superintending Engineers are requested to take action on matters referred to below:—

(1) Wherever the existing Divisions and Sub-Divisions are reconstituted or abolished the accounts of the existing units should be finalised and the records brought up to date with a view to effecting easy and quick transfer to the new Divisions by the specified date. This is particularly necessary in the case of the Sanitary Divisions, and the Divisions and Sub-Divisions in other Departments of Government like Industries, Sericulture, etc.

(2) Wherever shifting of existing headquarters or location of a Division or Sub-Division at a new place is required, arrangements should be made for fixing up necessary accommodation under the new set up. Where the headquarters of a Sub-Division specified in the annexure does not have adequate or suitable accommodation, the Chief Engineer (General) is authorised to fix the headquarters

temporarily at a place within the jurisdiction of the Sub-Division where suitable accommodation is available.

(3) The new Officers will have to have the necessary equipment, furniture, stationery and forms and registers, etc. The Chief Engineer (General) is authorised to make the minimum purchases of articles of furniture required for the new Offices to be established after calling for short-term quotations and after taking into account the furniture released by the abolition of certain Offices. The Director of Stationery is authorised to supply articles of Stationery according to the prescribed scales to the newly created Offices on receipt of indents from the Chief Engineer (General). Where stationery cannot be supplied by the Director of Stationery the Chief Engineer (General) is authorised to purchase stationery up to the limit of his powers as a temporary measure for equipping the new Offices. Contingent grants and imprests to the new Offices are also hereby sanctioned according to prescribed scale.

(4) Prompt arrangements should be made to effect postings and transfers of surplus staff taking care to see that as far as possible subordinate staff stationed in a particular Circle or Division or Sub-Division is retained in the geographical area subject to routine transfers in the public interest.

By Order and in the name of the Governor of Mysore,

D. S. RAGHAVENDRACHAR,  
*Deputy Secretary to Government,  
Public Works and Electricity Department.*
